## MEDICAL EXAMINATION FOR MINERS.

**BISBEE**—Commencing on, or about the 25th of the present month the Copper Queen Consolidated Mining Company will require every man going to work for the company to take a physical examination and prove his fitness for the class of labor which he will be engaged in.

This step, on the part of the company, is taken after a thorough study of the situation and the subsequent application of Safety First principles, before a man goes to work for the company as well as after he is at work on the property of the company.

## C. & A. SPLENDID SHOWING.

The advance sheets of the annual report of the Calumet & Arizona Copper Company have arrived in Bisbee and have been released for the press. The report shows that the past year has exceeded all others in the way of progress by this highly successful company. Besides the completion of the new smelter in Douglas the fact is made known that the ore bodies at the present time are the largest in the history of the company.

## FASTEST FREIGHT TRAINS.

**DOUGLAS**—Fast freight Nos. 92 and 93, between El Paso and Douglas, a distance of 217 miles, are said to be the fastest freight trains in the world, making the run in a little over twelve hours. Only rush freight is attached to this train, which is mostly made up of the "yellow bandits" of commerce, in other words, refrigerator cars carrying perishable freight.

## ADVERTURESS COMMITS SUICIDE

Lillian May Webster, alias May Beach, a talented and educated woman who passed successfully under the names of Madame Lillian May Arola, wife of the famous Alfred Arola, band master of San Francisco, and May Davenport, of Ventura, California, and about whom there has been much mystery, committed suicide at the Adams hotel in Phoenix last week supposedly by taking strychnine. She died at the Sisters hospital at about 7:30 o'clock after a four hours gallant fight on the part of the physicians in attendance.

## A MISSING MINING MAN.

**DOUGLAS**—The mysterious disappearance of F. T. Cromwell, a prominent mining man of Vancouver, B.C., somewhere between Tucson and Douglas early last December is causing much anxiety to his wife and much activity on the part of B. A. Packard to whom she has written begging that he do all in his power to help locate the missing man. Mr. Cromwell was interested in Sonora mines and intended to spend December in that state. Yesterday Mr. Packard made wide but unsuccessful inquiries among men operating there. He will continue the search.
